FIFTEEN CENTS

WHEN AND WHERE was this picture taken? If you've been around these parts for

a while, you probably can figure it out. If not, see the answer on page 2.

## Spafford Street parking discussed

Those cars parked overnight on Spafford Street will have to be moved to make room for the village sweepers and snowplows.

The Antioch trustees, in committee meetings Monday night, learned from the public works department that "about seven cars" seem to be parked on the street ... even between the "no, no" hours of 2 a.m. and 5 a.m.

One of the trustees said they also are parked, in some cases, on the wrong side of the street or pointing in the wrong direction.

Mayor Mike Haley asked Police Chief Chuck Miller if he would have an officer knock on the door, even if it's midnight, and have the residents come out and get their cars off the street.

THE TRUSTEES ALSO discussed the village's supplying of water to about 14 homes in Oakwood Knolls, on the north end which is actually in the town of Salem, not in Antioch.

Mayor Haley said he will have Village Attorney Andrew Lynch rewrite the contract with this group.

It was an amicable meeting, with Tod Maplethorpe, superintendent of sewer and water, explaining that the village supplies "bacteria free water" up to the meter in

that area.

A problem results when a new home is built, the owner taps in on the water supply, and members of the organization suffer from low water pressure.

Trustee Edgar Simonsen suggested that permits should be issued before people tap on and some inspection should be made of the water's quality after it has left Antioch and arrived in the Salem township homes.

Mayor Haley said, "As the village grows to the north of North Ave., we will be able to increase our water pressure in that area."

AT NEXT MONDAY'S village board meeting, 8 p.m., the trustees will act on Vern "Barney" Barnstable's recommendation that Hillside Ave. be made a one-way street in the area between route 173 and Harden St.

Traffic will be allowed to travel only south in that section of Hillside, if the recommendation is approved.

## Maplethorpe nominated for award

Tod Maplethorpe, Antioch's superintendent of water and sewer, has been selected as one of 10 finalists for the Illinois Public Water Supply "Operator of the Year" award.

It is an award of long-standing tradition and has been presented to water operators since 1941.

A team of operators from the Illinois Potable Water Supply Operators Association will visit Antioch's water plant later this month for purposes of making the final selection from the list of finalists.

## Tennis entries

Entries will close at 12 noon tomorrow (Thursday) for the 1978 Men's Open Tennis Tournament.

Entries are being accepted by Sue Koppa at the village recreation department, 874 Main St.

Matches will be played this coming weekend, Friday through Sunday. An advertisement appears on page 19.

## Sequoits in shape for football

Okay, football fans, you've heard of the Dallas Cowboys and the Denver Broncos, with their famous Orange Crush defense ... but how about Lehn's Leopards, O'Hara's Otters and Bodin's Bears?

Well, you see, Antioch High School's football season is opening and those three "teams" are among the best prepared for Thursday's 8 a.m. varsity workout.

Steve Wapon, the new head coach, explained that seven

seniors led small groups in summer workouts and earned points for their conditioning program.

GENE LEHN'S LEOPARDS scored 77 points, Mike O'Hara's Otters had 74 and Greg Bodin's Bears scored 45. Members of Lehn's Leopards were Brian Beal, John

## Lindenhurst girl killed in crash

A 17-year-old Lindenhurst girl died early last Wednesday of injuries she received the night before in a two-car, head-on collision on Rte. 59, south of 173, near Antioch. Two others were hurt in the accident.

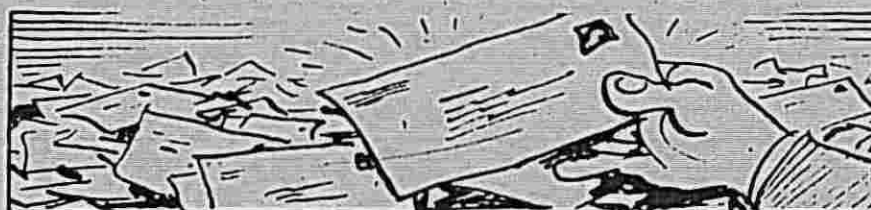

Stormy Farmer, 17, of 2414 E. Highland Drive, died at 4:30 a.m. in Victory Memorial Hospital, Waukegan. The accident happened at 10:10 p.m. Tuesday, Aug. 8.

Lake County Sheriff deputies said Miss Farmer was riding in the front seat of a car driven south on Rte. 59 by Patrick Conway, 18, of Grass Lake Road, Antioch. His auto collided with one driven by Phillip Duffy, 60, of Cedaredge, Colo.

Conway and Duffy underwent surgery at the hospital. Both were listed in stable condition Monday.

Deputies said Duffy was driving north on Rte. 59 when a southbound auto pulled into his lane to pass another car. He said he swerved his car to the right in an attempt to avoid the crash.

Conway reportedly told deputies he was driving south when a beer he was drinking spilled. He told a deputy he bent down to pick it up and when he looked up again he found himself driving in the wrong lane and swerved to try to avoid the impact, police said.

Losing His Lock?

We may be about to witness the fall of a tyrant — Panama's Omar Torrijos.

The evidence is both interesting and heartening. As one Latin American expert put it recently, "the disintegration of these caudillo-style governments is nearly always the same. First tiny cracks appear, then

gaping fissures. And Panama is no different."

Consider this: The principal leader of the opposition returns a week before the tyrant's greatest triumph — an American president handing over the Canal — and spoils it by staging a tremendous rally attended by more than 100,000 people.

The opposition leader, Dr. Arnulfo Arias Madrid, then takes his message

## the Pfarr Corner

*'To be occasionally quoted  
is the only fame I care for.'*

--Alexander Smith

By JERRY PFARR

When you are suffering from broken ribs (after taking a spill in a one-man bicycle race), and it hurts when you laugh, it is difficult to write a column like this.

I know this column has a reputation for being zany because a good friend of mine looked at me the other day, shook his head with a big grin and said:

"Pfarr, you have to be 'blankety blank' crazy." Only he didn't say blankety blank.

I ALSO KNOW this corner is expected to be entertaining, because of all the awards it has won.

(Editor's note: Pfarr, you can't praise your own column.)

(Pfarr: Aw, what the hell ...)

SO RATHER THAN put myself through the pain and torture of laughing at my own jokes, I decided to call upon a few of my friends to help get this darn thing out of the way this week.

Some people collect "quotes."

I do, sort of.

I'm not very good at it, because most of the time I neglect or forget to clip them

from the newspapers and magazines in which I read them.

BUT THESE ARE a few of my favorite quotes:

William Shakespeare: "This above all, to thine own self be true ... and then it follows as the night doth day, thou canst not be false to any man."

Actor Kirk Douglas: "I would like to introduce myself. I am the man who gave the world Michael Douglas."

Al Capone: "You can get much farther with a kind word and a gun than you can with a kind word alone."

Confucius: "Where you are wanted a lot, go a little. Where you are wanted a little, don't go at all."

Poet Robert Frost: "Some say the world will end in fire, some say in ice. From what I've tasted of desire, I hold with those who favor fire. But then I've seen enough of hate to know that, for destruction, ice is also great ... and will suffice."

Mrs. Oscar Hammerstein: "Richard Rodgers didn't write 'Oklahoma!' My husband wrote 'Oklahoma!' Mr. Rodgers wrote 'ta da ta da ta da ta da'."

Dr. Al Bucar: "Remember, it's Bucar and Kopriva, not Kopriva and Bucar."

BEN HOGAN: "Anyone who doesn't fear a three-foot putt doesn't realize the consequences."

Arnold Palmer: "What's the easiest shot in golf? A one-inch uphill putt."

Annie Mae: "If you don't feel as close to God as you once were, make no mistake as to which of you moved."

Erlene Pearce: "It's tough to be humble when you're the best."

CLARENCE DARROW: "Whenever I hear people discussing birth control, I always remember that I was the fifth."

Will Rogers: "I don't care who you are, you just can't reach middle age without having done and said a whole lot of foolish things."

Doris Day: "The really frightening thing about middle age is the knowledge that you'll outgrow it."

Robert Frost again: A mother takes 20 years to make a man of her boy, and another woman makes a fool of him in 20 minutes."

Shakespeare: "Brevity is the soul of wit."

In other words, don't write long columns.

A newspaper dedicated to people marching to their own drummers.

## 20-year-old arrested for bad checks

Gregory B. Taylor, 20, of Carey, Ill., has been charged with deceptive practice and theft by deception. He faces warrants from the villages of Antioch and Barrington.

According to Antioch's Chief of Police, Chuck Miller, the police department first became aware of Taylor's alleged criminal activities early this month.

On Aug. 4, at 12:30 p.m., two businessmen approached Chief Miller with complaints of three checks which they received from Taylor for which there had been no funds. Taylor's checking account, it was discovered, had been closed.

ON THAT SAME DAY, Taylor was located and placed under arrest by Sgt. Charles Watkins and Chief Miller.

He was placed in jail and subsequently obtained bond.

On Monday, Aug. 7, Taylor failed to appear in court on the three original charges of deception and another warrant for his arrest was obtained.

Further investigation by Lt. Tom Fisher, the Gurnee police department and Barrington police uncovered three incidents of theft by deception allegedly committed by Taylor.

This was with three contractors from whom Taylor reportedly took payments in the amount of \$2,000 for lumber deliveries which he never produced, police said.

MORE INVALID CHECKS were located in Antioch and Barrington and warrants were obtained. The total amount involved is \$3,380.

On the night of Aug. 12, Taylor was arrested and held in Boulder, Colo., on warrants from Antioch and Barrington.

The police department of Antioch is seeking extradition through the state attorney's office in Boulder. Extradition involves the legal paper work necessary to bring the subject back to this state to answer the charges.

## Shooting incident at motel

Homer Boling, 42, was arrested last Friday at 7:30 p.m. for allegedly shooting at a car at the Sunset Motel parking lot.

The arrest was made by Lt. Tom Fisher and Sgt. Charles Watkins.

Witnesses said Mr. Boling became angry over a parking dispute, got a gun from his room in the motel and shot at the car, producing a bullet mark over the wheel well.

Taken into evidence was a .32 caliber pistol with one round recently expended.

ON SUNDAY, at 4:06 a.m., Sidney W. Brooks, 21, of Trevor, Wis., was arrested and charged with criminal trespass to property and criminal damage to property.

This occurred after Brooks went to a private residence on Harden St. in

Antioch and broke the glass of the front and back doors of the house in an attempt to enter, police said.

The arrest was made by Officer Harold Mason.

The arrest was made by Officer Harold Mason, assisted by a Lake County officer.

Brooks claimed he thought the house was his girlfriend's, police said.

Mark Gossett, 25, of Berwyn, Ill., and James P. Malls, 22, of Chicago were arrested on Sunday at 4:19 a.m. for theft.

They were apprehended by Officer Robert Lague and a Lake County officer after leaving the Vault restaurant without paying for a bill amounting to \$23.63 for food, police said.

The men await a court appearance in Waukegan.

A NEW ADDITION to the office of the Antioch Chamber of Commerce & Industry is Kathy Martin, left. At the right is Nancy Kinas, executive director of the Chamber. Kathy's job is federally funded through the Comprehensive Employment and Training Act (CETA) and will allow the Chamber

office to be open from 9 a.m. till 4 p.m. Monday through Friday, instead of 9 a.m. to 2 p.m. Kathy will do most of the office work, permitting Nancy to do more contact work with Chamber members (finding out how the Chamber can help them, she said).

## The Time Machine

70 YEARS AGO: AUGUST 13, 1908

A daring check forger Monday night attempted to put over a clever dodge in a down town business house and was saved from arrest only by the fact that a crowd had gathered to catch a street car at Genessee and Washington street and into this he dissolved, making his escape it is probable by changing his coat inside out or by taking a different coat from a confederate. The passing of the check was attempted at Blumberg's furniture store.

George H. Mitchell, the druggist who was convicted of bootlegging, surrendered himself to Sheriff Campbell after he learned that an information had been filed against him in county court.

Quite a little excitement was caused Sunday morning by the loud ringing of the fire bell and the report that the house owned by Jos. Westlake and occupied by the McGee family was on fire. Fortunately the fire, which was caused by a curtain igniting from an oil stove, was discovered at once as all the members of the family were at church except Mr. McGee who happened to be outside at the time his prompt action and a generous supply of water, which luckily was at hand was all that saved the house from destruction. However, the flames were extinguished before much damage was done.

"The Green Eyed Monster" which was presented here Tuesday evening drew a packed house in spite of the rain. The play was of special interest to most of the people hereabouts, as one of our popular townspeople, Elmer Brook, was slated among the characters.

On Wednesday evening of last week a hayrack party from Lake Villa attended the dance at Antioch. All seemed to have a good time.

Don't forget to attend the moonlight picnic Thursday night from Lake Villa to Albert Douglas' lawn. Round trip, 15c. Refreshments, 10c. Be one of the bunch.

40 YEARS AGO: AUGUST 18, 1938

With this issue of the paper the Antioch News enters its 52nd year. It was founded in 1886 by J.J. Burke, who sold to A.B. Johnson in 1901. Mr. Johnson published the News for a period of twenty years, then sold it to the firm of Horan, Wood and Woodhead. Wood and Woodhead withdrew from the firm after a few years of operation and in 1926 Horan sold the Antioch News to Homer B. Gaston, the present publisher. The News has grown from its original form of a small, colored handbill to an eight page sheet, ranking as one of the best weeklies in the state.

Catherine Chinn won the gold loving cup in the shorts contest of the Lions club festival. The contest was held Sunday afternoon and included some twenty pretty girls wearing snappy shorts that made it difficult for the judges to pick the winners. The decision was based on the beauty and fit of the suit worn and the poise and grace with which the contestant wore it. Mrs. Chinn is the wife of Willard Chinn and was sponsored by Chinn's pop-corn stand.

The winner of the beautiful gold trophy awarded in the Lions club beauty contest was Miss Genevieve Daube, a 19-year-old blonde of Lake Villa, who followed up her Antioch victory with an appearance in a similar contest Tuesday staged at the Geneva theatre in Lake Geneva Monday night, and again came out winner. She will be given a screen test by Warner Bros. Motion Picture Corporation as a result of her two victories. Miss Daube was sponsored by Murrie Service Station and wore the badge "Miss Super Shell."

20 YEARS AGO: AUGUST 14, 1958

Antioch's friendly "Hello Operator" telephone system is fading slowly into history. The village's oral type telephones are being replaced by dial phones.

Jack Heick's heifers were still nursing cuts and bruises Thursday after a wild stampede touched off by firecrackers.

Mr. and Mrs. Roy Pearcey will open a dressmaking and sewing and cleaning shop at 419 Lake st.

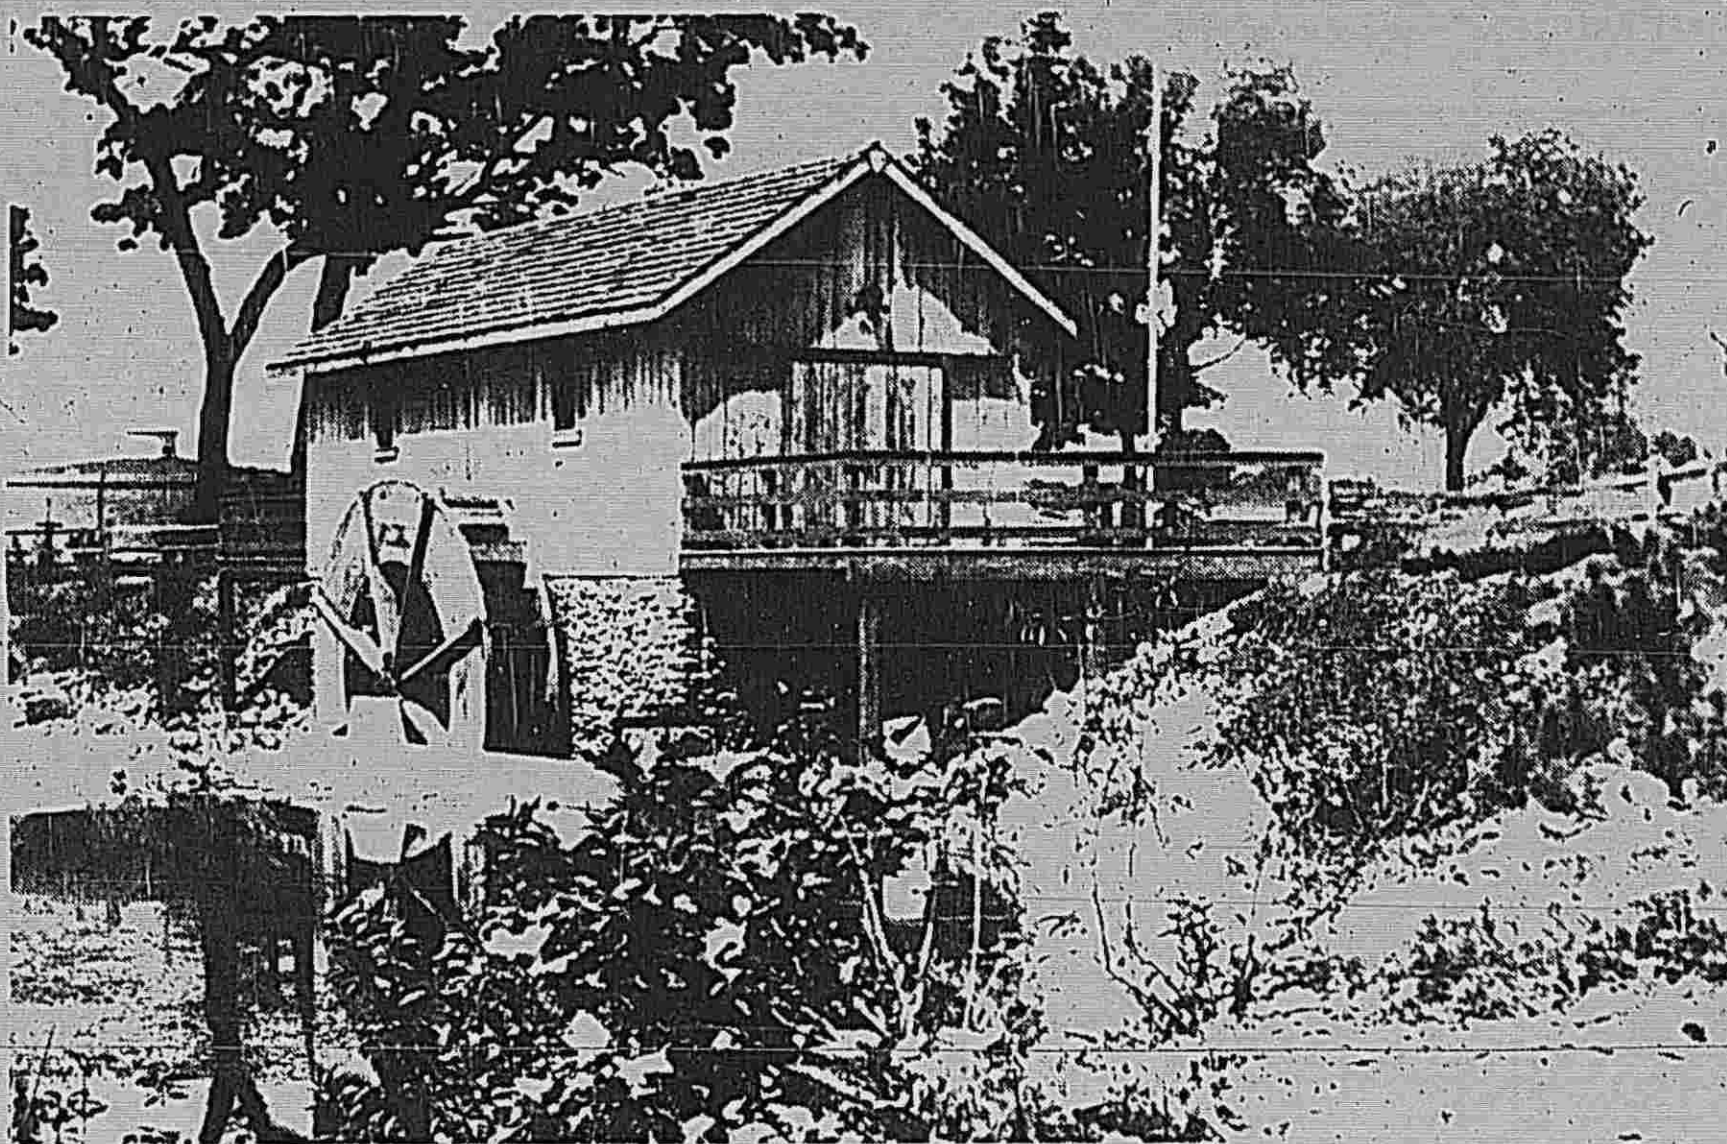

10 YEARS AGO: AUGUST 15, 1968

An excited and numb Colleen Gross, 17, daughter of Mr. and Mrs. Robert Gross of Grass Lake Road, Antioch, is the Miss Lakes Region of 1968 and will participate in the 1969 Miss Illinois Contest.

A record of \$1.50 per pound was paid Margie Schafer, Bristol, for her Grand Champion Black Angus steer by John Teresi of Antioch.

Seems like the Antioch Fire Dept. should reverse their schedule for next year. In Feb. the toboggan party they had planned had 70 degree weather, and last Sat. the pool party had 60 degree weather.

Antioch's 1932 Fire Engine is loaded on its trailer ready for a trip to the Illinois State Fair where it will participate in the opening day parade. Antioch firemen who will take the truck to Springfield are: Frank Kuechenmeister, Bill Eckert, Ron Cunningham and Jerry Van Patten.

"REMEMBER ME? -- I'm your bicentennial sawmill, but I haven't had my picture in the paper since I was dedicated 6 1/2 weeks ago. But lots of folks are coming over to see me work. I'm open from 9 a.m. to 4 p.m. daily and from 11 a.m. to 5 p.m. on

Saturdays and Sundays. My reputation is getting around and I'm becoming a historical attraction. People are visiting from out-of-town already. That's because all you Antioch folks made me so pretty."

## FFF group celebrates its 2nd anniversary

The Antioch Fun, Food and Friendship senior citizen's center held its second anniversary party at the Upper Grade School.

Food was served throughout the day: coffee and rolls in the morning, lunch at noon and an anniversary cake and ice cream in the afternoon.

ENTERTAINMENT INCLUDED a sing-a-long, a music combo of drums, pianist, and saxophone (played respectively by Virginia Necker, Emily Novotny, and Morrie Bown), bingo, and a performance by the AARP choral group.

Members of the choral group include Esther Aiani, Margaret Belongia, Violet Feldman, Ann Hoffmann, Elaine Leonhardt, Robert Leonhardt, Millie Milowski, Andy Petrisko, Ann Petrisko, Dolly Spiering, Clarence Spiering, Anne Wenclofski, John Wenclofski, Francis Winiecki, Emily Novotny (piano), and Virginia Necker (drums).

Anne Towey, president of the Lake County Council for Seniors, spoke briefly at the party.

The senior citizens thanked the First National Bank of Antioch, State Bank of Antioch, Antioch Savings and Loan, Foremost Liquors, Illinois Bell Telephone, Antioch Drugs, McDonald's, Pickard China, and Mary Lee Trettenero for their donations to the party.

THE CENTER HAS had 350 members registered since

it opened two years ago. As of Aug. 11, the center's new location is the Scout House.

The center holds birthday parties on the last Friday of every month for senior citizens having birthdays throughout the month.

The center has a mini-van service on Mondays, Wednesdays and Fridays for those who are in need of transportation to and from the Center. It is requested that advance arrangements be made for mini-van service. The telephone number at the Scout House is 395-2191.

Maplethorpes discover ...

# Month in Europe whets the appetite for travel

By LINDA BARNES

Tod and Carol Maplethorpe and their daughter Ruth recently returned from a one month's tour of Europe.

They did the trip jointly with Mrs. Maplethorpe's brother and his wife, Mr. and Mrs. William Bean.

As with anyone's first discovery of Europe, the trip left them with vivid images, warm memories, new knowledge, great excitement ... and of course whetted appetites to return there and see and experience more.

THEIR APPROACH to the trip was both courageous and creative. Rather than book up with a tour group, the Maplethorpes and party chose to organize the trip on their own.

They rented cars, took trains, read maps, found their own accommodations, and dealt with different currencies, foods and languages.

This left them with an enormous feeling of satisfaction and a certain sense of pride at having independently gotten the trip together and at having made it work.

The Maplethorpes' trip began with a drive to New York City where they met Mrs. Maplethorpe's brother and sister-in-law. They all then continued to Kennedy Airport where they boarded a 747 jet.

FIRST STOP across the Atlantic was Madrid, Spain, of keen interest to Mrs. Maplethorpe, a Spanish teacher at Antioch High School.

Madrid holds many fascinating sites, but one of its most magnificent is the extraordinary Prado Museum. The Prado is widely acknowledged as one of the greatest art collections anywhere in the world. While it houses many works of the Italian and Flemish masters, it is most acclaimed for its rich and treasured collection of Spanish masters, especially Goya, Valazquez, Murillo and El Greco.

Mrs. Maplethorpe expressed feelings of awe, wonder and incredulity at seeing the masterpieces of these great geniuses. As she aptly pointed out, it's one thing to see a

reprint, but quite another to see the actual painting itself.

IN MADRID, the party rented a car and drove to Toledo, a town typically Moorish in appearance, located approximately 44 miles from Madrid. Here they saw craftsmen perpetuating their ancient, exacting crafts in the small quaint shops of Toledo's winding, cobbled streets.

From Toledo, they drove east to Valencia and then north to Barcelona, where they spent a fair amount of time. They saw the National Palace, Barcelona's immense, gorgeous cathedral, and took a trip to nearby Montserrat, where a funicular ride into the mountains provided them with a spectacular view of the Pyrenees.

Mrs. Maplethorpe's knowledge of Spanish definitely helped them in Spain ... and inevitably provided her with a great feeling of pleasure in her ability to put her fluency of the language to good use.

AT BARCELONA, they left their car and then boarded a train to Lyon, France. Coincidentally, while in the dining car of the train, they met a teacher from Zion and his French wife.

At Lyon, they rented another car and drove to Geneva, Switzerland. From there, they continued to Zermatt for a look at the Matterhorn.

Zermatt, nestled in the foothills of Switzerland's stupendous Alps, is somewhat of a unique phenomenon in our modern-day world. All motor vehicles have been completely eliminated there; and so as one travels on foot through the hilly paths of the village, all that is heard is

the clip-clop of the horses' hooves on the cobblestone and the jingle of the bells which decorate the horses' collars.

FROM SWITZERLAND, the Maplethorpes and party proceeded to Austria. At Salzburg, they saw Mozart's birthplace and also took the "Sound of Music" tour. ("The Sound of Music" was filmed in Salzburg.)

After a brief look at Innsbruck, they drove quickly through France, with a delay in Lens. It was Bastille Day and there were crowds in the streets, prettily and gayly dressed. There were parades and all of the fanfare that surrounds one of France's most celebrated holidays.

At Calais, France, the party left their car once again, boarded a hovercraft to cross the English Channel, arrived in Dover, England, and then took a train to London.

LONDON ABOUNDS in sightseeing and the Maplethorpes tried to see as much as time would allow. Canterbury Cathedral, British Museum, Westminster Abbey, London Tower were first on their list, followed by a lovely ride on the Thames.

As is usually the case when one ends a good trip, the Maplethorpes found themselves longing to see more of Europe.

"There is so much more that I wanted to see," said Mrs. Maplethorpe. "But there just wasn't enough time."

For the Maplethorpes, this trip acted as an introduction. Knowing what they did miss and realizing it is impossible to see everything all at once, they would one day like to return to Europe ... and begin their explorations anew.

## FOR NATURE LOVERS ONLY

## Meet the mosquito -- that little pain in the yard

By LINDA BARNES

The mosquitoes have been particularly bothersome this summer. Almost every night, as dusk approaches, they begin to

make their presence keenly and sharply felt; and at any backyard, front yard or lakeshore beach, you can hear

those familiar summer sounds of slaps on the unprotected human skin and irked exclamations of annoyance or pain.

WHAT ACTUALLY HAPPENS as you feel that slight but nevertheless-agitating-piercing-of-your-skin? It is the female mosquito, attacking with her elongated, slender sucking tube.

The tip of the tube (actually her mouth) is twisted and turned under the skin until it enters a capillary or a pool of blood formed by damage to cells.

Before sucking the blood, the mosquito injects saliva into the wound to prevent the blood from clotting. This is what is responsible for the itching sensation we receive.

ONLY THE FEMALE mosquito seeks the blood of man or animal for food. She requires the protein of human, animal, or bird blood to mature her eggs. Males never suck blood; rather they feed on nectar and external moisture.

WHILE MOSQUITO BITES In this area are relatively harmless, in other areas of the world, they bring widespread illness and often death.

They are the carriers of malaria, filariasis, yellow fever, and dengue. No other group of insects is responsible for so much human sickness as the mosquito. Malaria alone is responsible for more deaths each year than any other disease transmitted by arthropods.

DAVID LIVINGSTONE, Africa's daring explorer and missionary of the 19th century, was one of the first to suggest that the malarial disease was transmitted by mosquitoes.

Later, it was scientifically confirmed that the female of the Anopheles species draws up the malarial parasite as she feeds. The parasite enters the gut of the mosquito, develops there and eventually passes through the gut wall to enter the mosquito's blood stream.

The life of the parasite begins anew when the mosquito discharges her saliva into the bloodstream of her next animal or human host.

Now, don't you feel a little bit better (or worse) about the mosquito?

AUCTIONEER HERMAN BEHM again helped make the "highlight" of the Lions Club picnic a success. On Sunday, Aug. 6, he was assisted by Bill Brook, in left background. Jim and Jack Fields, co-

chairman of the auction (in right foreground) said "the Lions Club should be able to donate about \$12,000 to the Antioch Rescue Squad for needed emergency equipment."

## NEWS Of Boxing

In 17th century Holland, the passion for tulips was so great a single root of one plant sold for the equivalent of about \$1,500.

There's great news for someone who has a great fight film. Boxing books say a film was made of Greb winning the 1922 light heavyweight championship from Tunney.

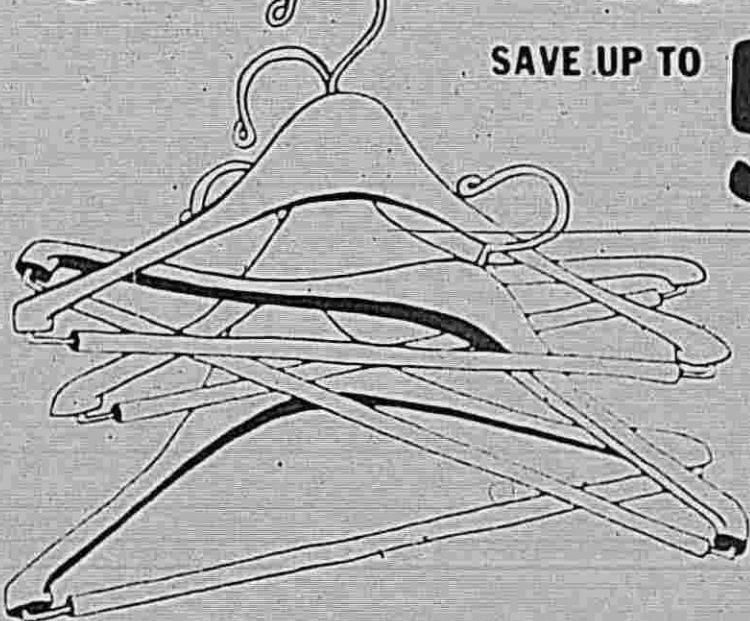

Now, former handball champion Jim Jacobs is anxious to pay the owner of

that film a "liberal sum" and to arrange for an article about the film, its present owner and the transaction to be sent to newspapers around the country.

To find out how much such a film is worth, write to Jim Jacobs, 9 East 40th St., New York, N.Y. 10016.

## Gutowskis celebrate golden anniversary

By SHIRLEY GUTOWSKI.

Mr. and Mrs. Bernard Gutowski Sr. were the guests of honor at a party Saturday, Aug. 5, celebrating their 50th wedding anniversary.

The golden event began at 5:30 p.m. mass where they repeated their marriage vows before Father Francis Johnson at St. Peter's church.

The vows were witnessed by the couples' six children, their spouses, 21 of their 22 grandchildren, and 3 of their 4 great-grandchildren, as well as many relatives and friends. The mass was sung by their daughter-in-law, Shirley Gutowski, and granddaughter, Julie Gutowski.

**AFTER THE MASS** Mr. and Mrs. Gutowski were escorted to a reception at the Antioch Moose Lodge by a long-time family friend, Police Lt. Tom Fisher, and followed by an entourage of cars decorated to fit the occasion.

The reception was hosted by their children: Frank and Jean Benes, Bernie and Shirley Gutowski, Mel and Delores Stillson, Joe and Louise Gutowski, Les and Barb Miller, and Ron and Pat Serwa.

**THE GUESTS** at the reception, which included six of the original 10 in the wedding party, traveled from as far as Florida and northern Wisconsin, enjoyed a buffet dinner which included a beautiful "wedding" cake made and decorated by their granddaughter, Debbie Hooker of DeKalb, and topped by a beautiful golden egg made by their daughter, Delores Stillson, also of DeKalb.

The 150 guests included brothers, sisters, neices, nephews and cousins too numerous to mention and also included a visit from Father Eugene Keusal, formerly of Antioch, now of Winnetka, and our own Father Johnson.

**THE PARTY**, which in the true Polish tradition lasted into the wee small hours, continued the next day at the Gutowski home where everyone enjoyed the leftovers and reminisced about the night before.

On Tuesday the magic of the event continued when the mailman delivered a special greeting from the White House, signed by Roslyn and Jimmy Carter.

**AN ANTIQUE ENTHUSIAST'S** heaven -- that's what the auction was again at this year's Lions Club Farmers Picnic. Auctioneer Herman Behm (in the booth at the left)

helped members of the Antioch Rescue Squad raise money for needed emergency equipment.

FOX LAKE LION CLUB member Thomas Schweiss and his wife experience the relationship between a leader dog and its companion.

## Lions Club member experiences 'blindness'

Within seconds, the world was plunged into darkness.

It did not last long, but it was long enough for Lions Club member Thomas Schweiss of Fox Lake, to gain some understanding into what it would be like to be permanently blind.

Mr. Schweiss was one of 51 people who recently visited Leader Dogs for the Blind in Rochester, Mich. The people were district governors and district trustees from the Lions of Illinois board of directors.

AS PART OF THE visit, Mr. Schweiss, and others were tightly blindfolded and had only a leader dog to guide them. They were turned loose with the dog on a special training course, which receives grants from the Lions of Illinois through money raised on Candy Day, to be held this year on Oct. 13.

Said Mr. Schweiss:

"You really have to put all your trust in that dog and just start walking. It was long enough for me to gain some insight into the problems blind people face and to have more appreciation for the work being done at Leader Dog."

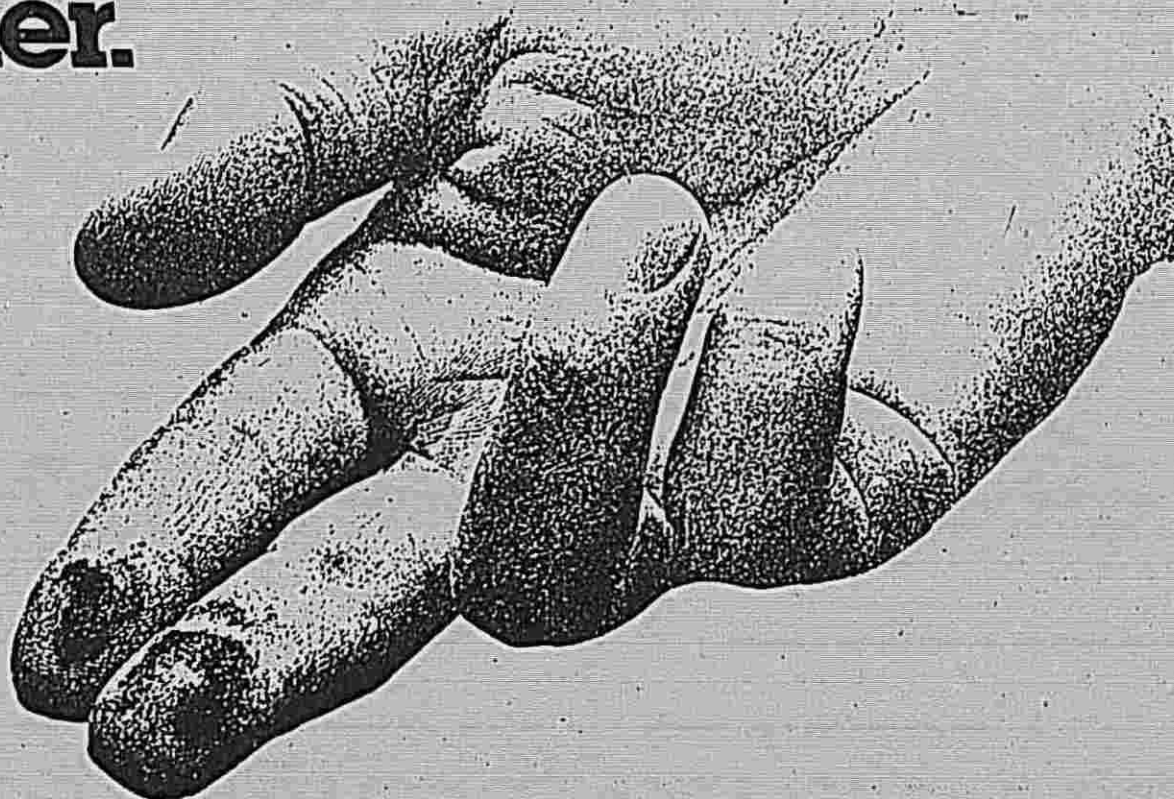

LEADER DOG HAS graduated more than 4,000 teams of blind persons and dogs, making the school the largest of its kind in the United States. Dogs and people both undergo individual training before being matched as teams. Among dogs used are German Shepherds, Labrador Retrievers and Golden Retrievers. The team then trains together to learn how to work as a unit.

"Training doesn't end with the school sessions," said Mr. Schweiss. "When they leave Rochester, the dog and person still have to learn the number of blocks to the store, or bus or train routes to work, or any number of things. And it is amazing the bonds that develop between the dog and the blind person."

Leader Dogs is one of the principle beneficiaries of Lions Clubs of Illinois Candy Day. The day has raised millions of dollars since it began in 1952 and has raised more than a million dollars annually for the past three years. The goal this year is \$1,000,004.

Funds are used for a variety of services and agencies and programs benefiting the blind, visually handicapped, deaf and hearing impaired.

## Get rid of the most wasteful part of your air conditioner.

The dirt inside.

### Save with regular cleaning.

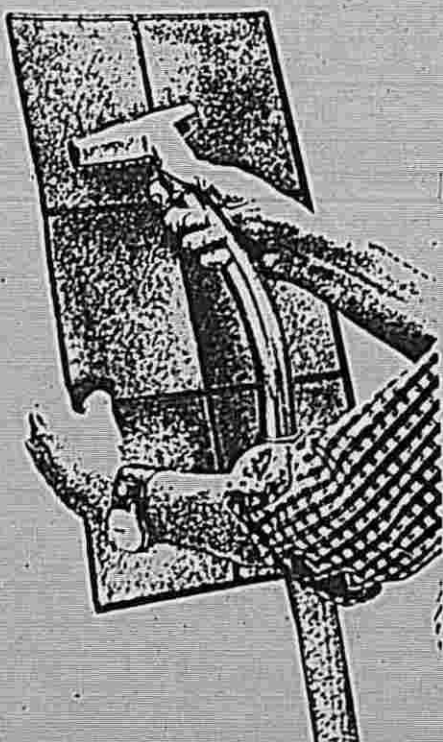

Your air conditioner does more than just cool. It cleans, too, by filtering dust and dirt out of the air. After awhile, the dirt builds up on the filter, and clogs the air flow. This makes the unit work harder. And that costs you money. Take a few minutes to get rid of that dirt and you'll hold down your operating costs.

### How to clean window-unit filters.

Check your owner's manual for specific instructions. If you don't have one, do the following: Pull the plug, and remove the front panel. Lift out the filter and vacuum it. If your filter is made of a spongelike material, wash it in warm water and detergent. Then let it dry, and put it back in place.

### How to clean central-unit filters.

Your central cooling system has a filter, too, usually in the blower section of the indoor unit. Before opening the access panel, turn off

the power. If the filter is reusable, vacuum it. If it's washable, wash it. If you have a throw-away filter, or your filter is too dirty to clean, replace it with a new one of the same size and material (note arrow on side of filter indicating direction of air flow).

If your heating and cooling system has an electronic air filter, be sure to follow the cleaning and maintenance procedures recommended by the manufacturer.

### Get professional help when necessary.

Occasionally, your air conditioner's condenser coil, refrigerant charge, or motor may need attention from a qualified serviceman. Maintenance of these parts may be best left to the professional. Remember, the less energy you waste, the more money you save. And a clean air conditioner can save you plenty.

into the countryside with a series of similar rallies in each of Panama's provinces. In each case, he is greeted with large crowds, and he tells them in no uncertain terms that the "maximum traitor" is finished.

Torrijos responds by going "on patrol," as he belatedly and fatuously calls it, to rally support for his "revolution." Unfortunately for Torrijos, the crowds are smaller and noticeably less enthusiastic.

Some of this can be blamed on Torrijos himself since he apparently cannot remain consistent in what he says and does. At times he appears humble as he was in Santiago: "After that great rally (for Carter) you will have a commander, an Omar, a general or a leader who will be much

more humble than many think . . ." At other times plainly angry (in Penonome): "I also demand respect for my own dignity."

More often he is simply incoherent, as in Colon: "To the extent that popular organizations fail to defend their conquests and use their energy to attack those of us who made it possible for those conquests to be realized, to that same extent, can you unconsciously move leaders closer to those whom those measures have hurt."

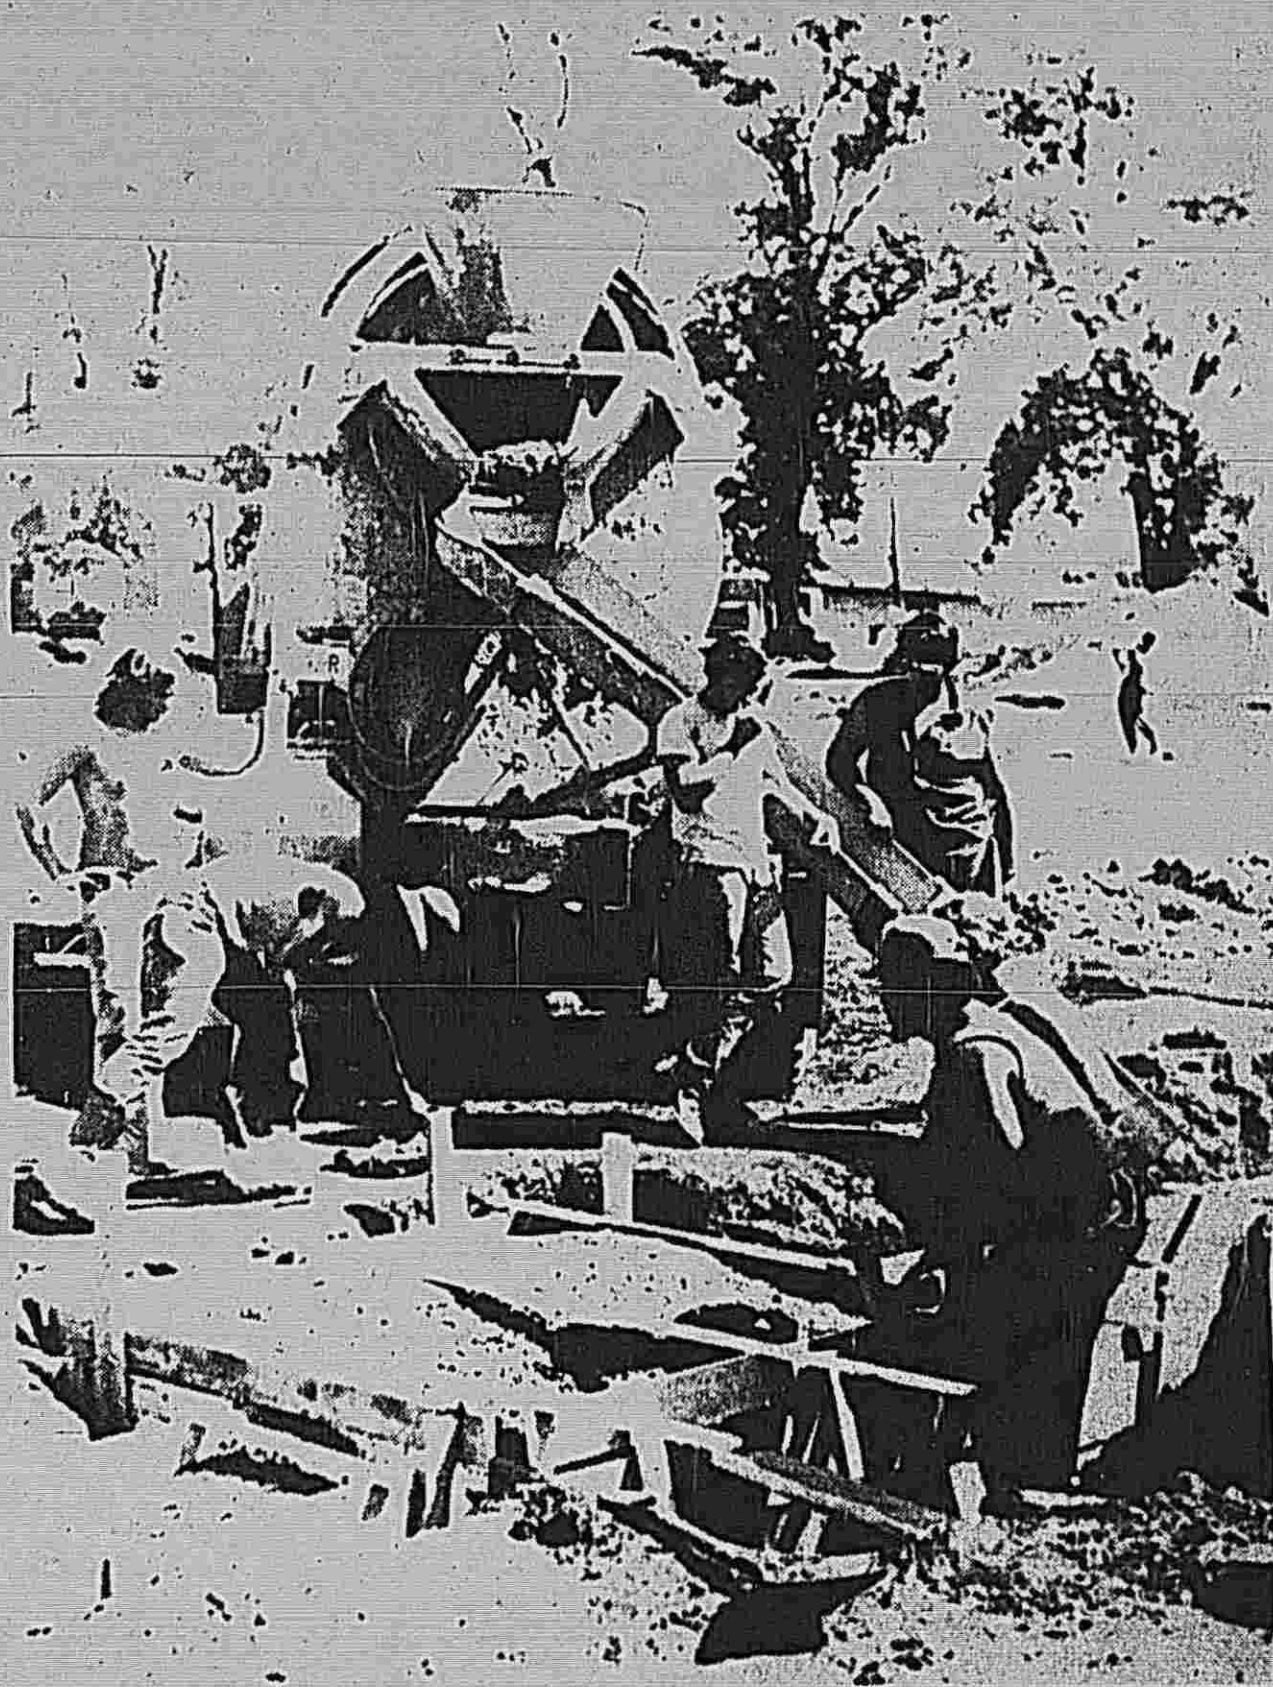

### A Man In Trouble

But humble, angry, or confused, Torrijos shows every sign of a man who knows he is in trouble.

Childhood is that wonderful time when all you need to do to lose weight is take a bath.

### Marriage takes its toll

Marriage costs the typical American couple between \$700 and \$800 a year in taxes, The Conference Board observes. An unmarried couple making \$12,500 each, for example, is taxed at \$1,804 per person, for a combined figure of \$3,608. A married couple filing a joint return pays \$4,304. Under separate returns, they are taxed at \$2,211 each, for a total of \$4,422.

## Salad Bar Luncheon is 'special'

Excitement is mounting in anticipation of the 50th annual Salad Bar Luncheon to be held Saturday in St. Peter's social center.

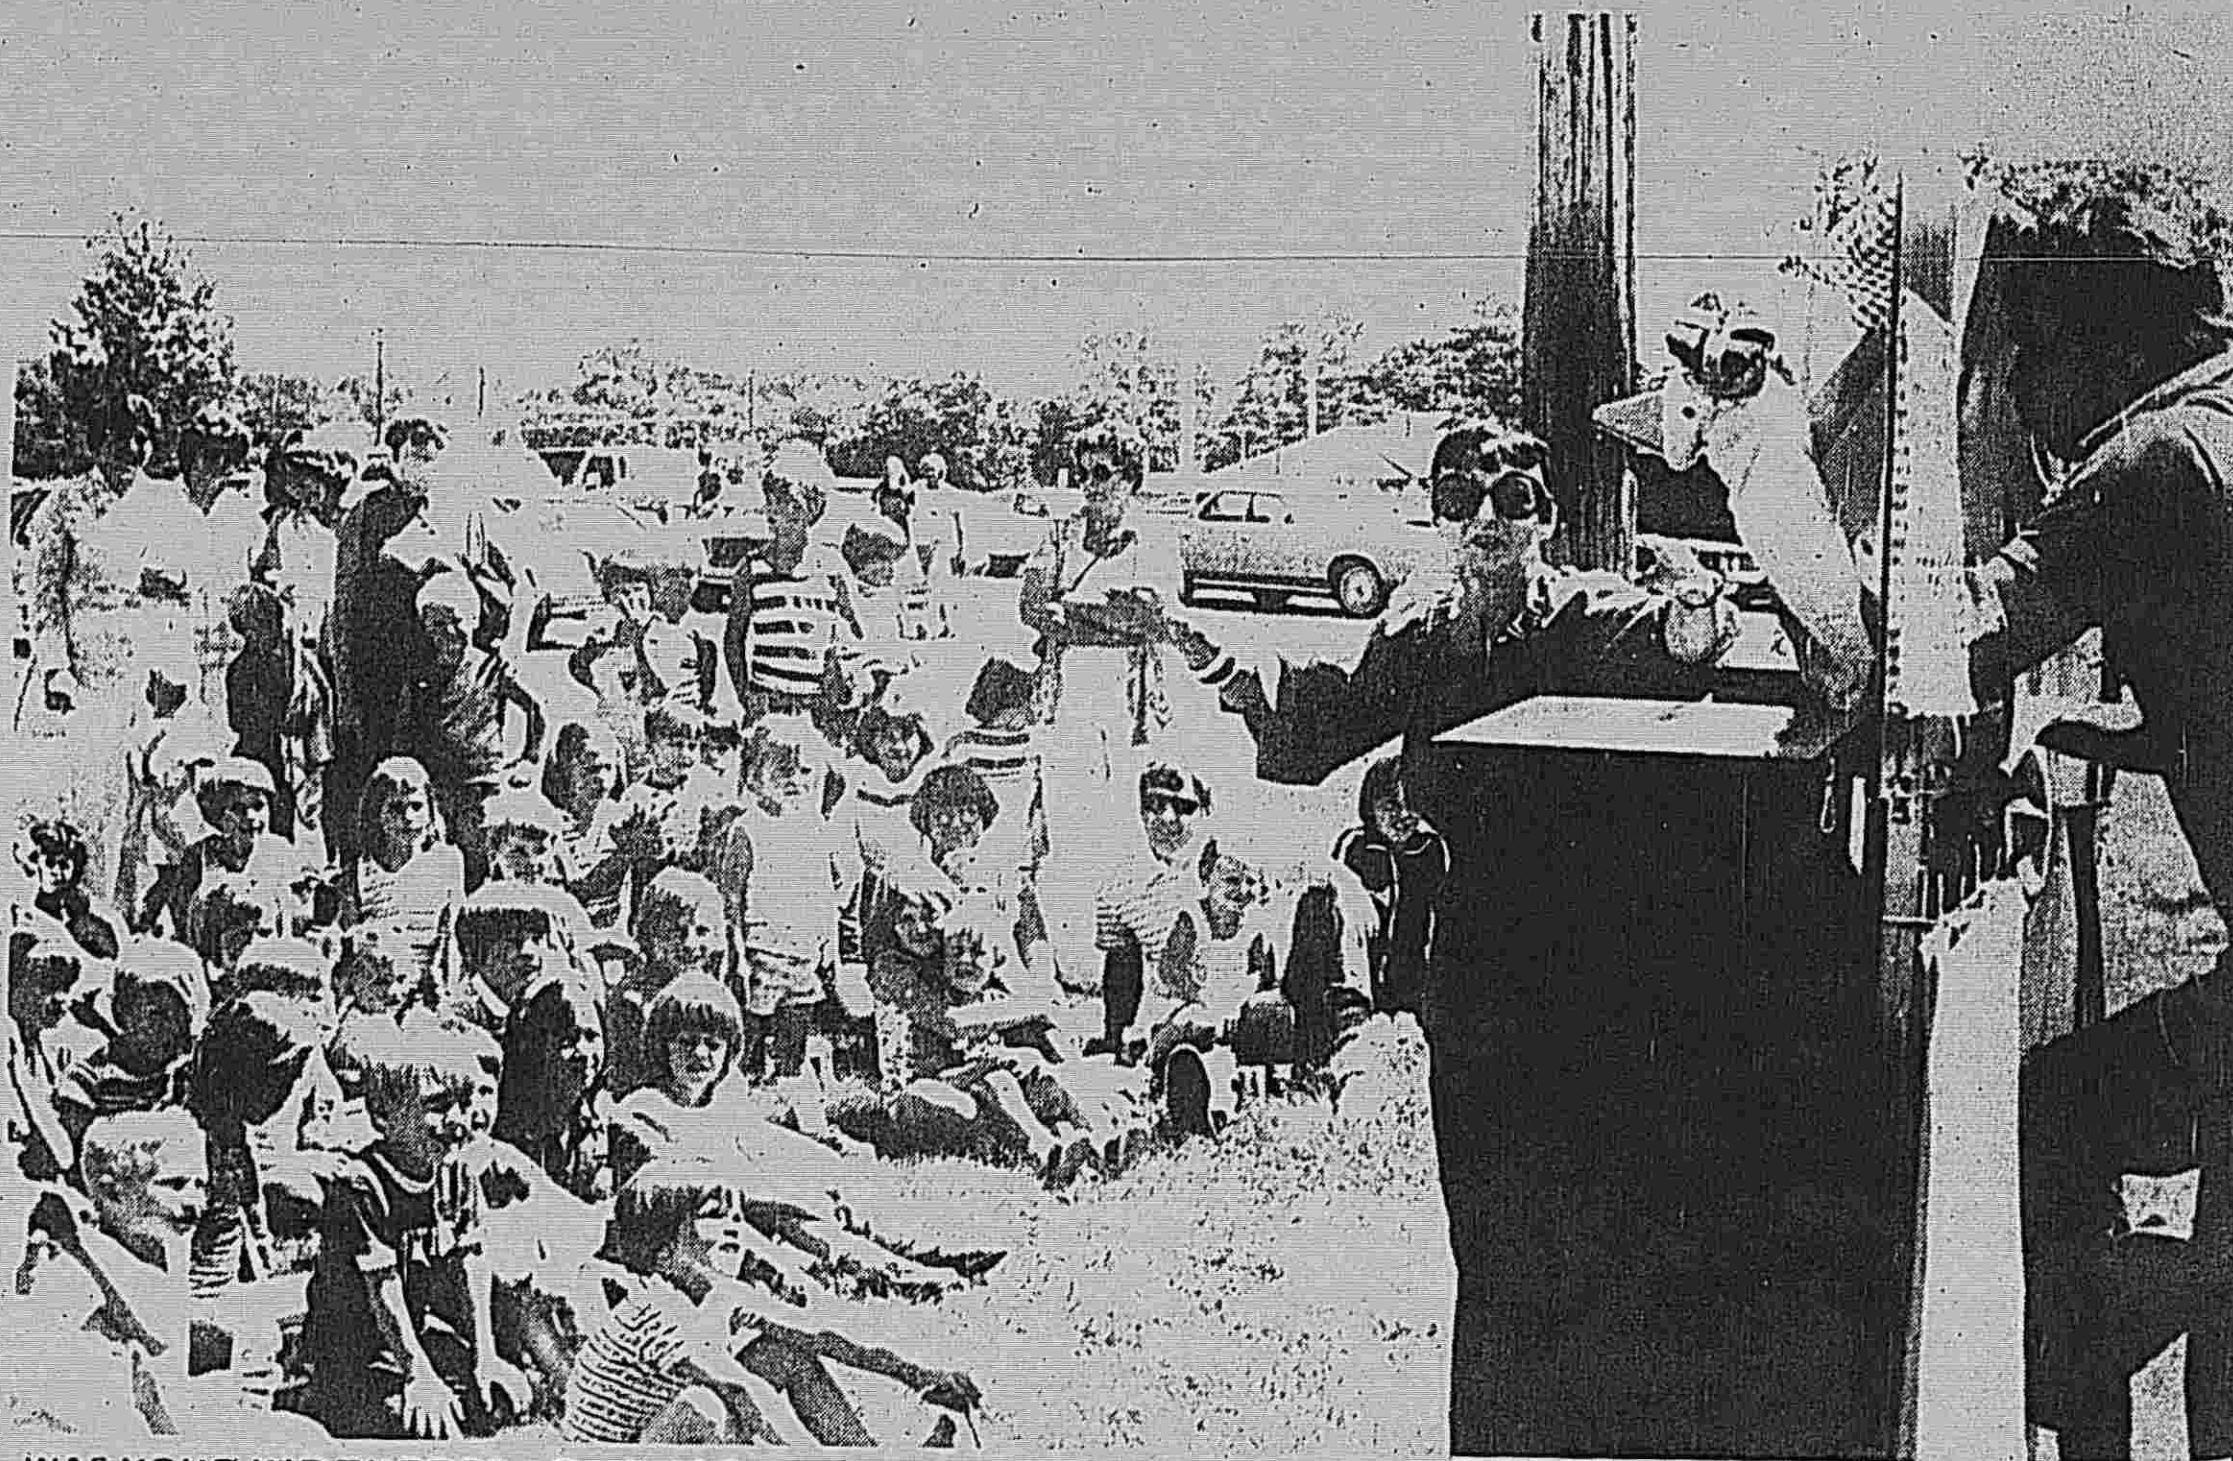

The event is always well attended, but this year is special because it is the golden anniversary year.

The usual forms of entertainment have been bypassed this year in favor of a special musical revue in keeping with the anniversary celebration. The revue is called "Golden Moments" and will highlight the past 50 years in song and dance. "Al Jolson" and the "Andrew Sisters" will be making an appearance along with dancers, from Charleston to disco.

The cocktail hour will begin at 11:30 a.m. and lunch will be served beginning at 12 noon. There will be many prizes for those attending.

Tickets are going fast. Betty Hope of St. Peter's Women's Club said. They are available at the local banks or at St. Peter's rectory. A limited number of tickets will be available at the door.

Tables will be reserved for those purchasing 10 or more tickets, or by calling Pat Shaffer at 395-1888.

WAS YOUR KID THERE? -- Garfield Goose, the television star, entertained the youngsters at the recent Antioch Lions Club picnic. Chuck Cermak was in charge of the

"games for kids" and arranged for Garfield and the Muppets to be here, too.

## Spooky project: Jaycees need old building

The Antioch Jaycees are looking for a "haunted house."

The club is planning a "haunted house" event for five days late in October, the 27th through the 31st. The idea is to have children and others tour the house.

"But we need a facility that we could use and modify for the occasion," said Bill Anderson, a past-president of the club.

Persons who have an old house or garage that they might be thinking of tearing down could contact Ron Van Scoyoc, club president, at 395-4000.

The "haunted house" event would help the Jaycees raise money for their community projects.

**\$200 FOR VIKING FOOTBALL** -- That's where the State Bank of Antioch decided the money should go after defeating the Antioch Savings & Loan team in their softball game, latest in the series of contests for the "Athletic Supremacy Trophy" that has been changing hands between the two financial institutions. Each bet \$100

on the game. Viking players in the front are (from left) Dan Berkiel, Andy Lehn and Joel Bissing. Behind them, the checks are donated (from left): Wally Jaskowski of the State Bank; Russ Lehn, treasurer of the Viking football program; Bill Brook of the State Bank, and Tom Kelly and Laddie Korecek of the Savings & Loan.

## Boys can still sign up for Viking football

Coaches especially encourage all boys who would qualify for the heavyweight team, and those who wish to later compete in high school football, to take advantage of this opportunity to learn and practice the basic skills of football.

Viking football gives boys the opportunity to learn the basics as well as compete with other boys of their own age and skill level.

This year, the Viking organization will field six teams: a heavyweight team (boys over 110 lbs.), a lightweight team (boys in the 7th and 8th grades, generally 95 to 110 lbs.), and four featherweight teams, made up mostly of smaller and younger boys.

The Antioch Vikings began practice on Monday in preparation for their 1978 junior tackle football season.

The Viking program this year consists of 150 boys, 40 cheerleaders and 25 coaches.

A Viking spokesman indicated that only boys in the 5th through the 8th grades, who will not be 15 before Sept. 1, may still register for football.

This late registration can be made by coming to the high school practice field at 5:30 any evening this week, bringing with them a parent, a birth certificate and the registration fee.

## How's fishing?

Good catches of bullhead are being made by fishermen at the McHenry Dam, the state conservation department said in its latest fishing report.

"Bullhead are being creelied on worms from south of the dam spillway," the report added. "Two to three lb. carp are hitting on worms in the same area."

The conservation department also reported on Lake Michigan, saying "salmon anglers are having good fortune on the lake after strong southwesterly winds brought colder water close to shore-and with it, good numbers of chinook and coho salmon."

Chinooks, from 18-25 lbs., are hitting green and pearl J-Plugs, mostly in 30-60 feet of water. Coho are ranging from 4-8 lbs. and are being taken on green rattlesnakes or rattle spoons.

Coho are fighting exceptionally well and anglers are advised to use a strong hook, possibly a treble, on their lures to avoid "the one-that-got-away" syndrome.

German brown trout also are hanging about in cold water close to the shore and are being taken regularly on green or black jointed-rebels or rapallas. The browns range from 4-8 lbs. and can be taken in 10-20 feet of water.

Good catches of lake trout are being creelied 6-9 miles off shore, 25-50 feet down in 120-180 feet of water.

Silver dodgers and diamond-back rattlespoons are being used to take lakers ranging from 4-12 lbs.

Only occasional catches of 4-10 lb. steelheads have been reported.

## RELAXATION

### ODDITIES-HELPFUL TIPS

A good many Americans are surprised to learn that though badminton is similar to tennis, it was not an offshoot of it. Actually, it developed from a game called "poona" which originated in India, and was then adapted and brought to England by English Army officers.

The English version was launched in 1873 at a party given by the Duke of Beaufort at his country manor called Badminton. The name stuck and the game quickly spread to the United States.

Though the game is played with rackets that resemble small tennis rackets, badminton, as opposed to tennis, is a game of altitude as opposed to distance. One of the big mistakes beginners make is to stroke too hard. By trying to overpower the shuttlecock, they might miss it completely or hit it too far. The rule is "easy does it."

## NEWS OF SPORTS

You can watch Rocky Marciano defeat Jersey Joe Walcott in what has been called the Greatest Heavyweight Title Fight of All Time—the heavyweight championship of 1952—on home movies. ## 19th hole

Golfers who would like to win a new Chevrolet Monte Carlo, or a trip to Las Vegas, will be interested in the "Hole-in-One" contest ad on page 14.

John Curry's Bi-County Golf Association is putting on quite an event.

Also, on page 16, you can use a handy entry blank to sign up for the third annual Antioch Open.

Entries are starting to come in fast. Jon Lasco, last year's Class B champion, has entered and Rich Higgins is planning to play again in the championship

flight. (He had a 73 the other day — probably missed four putts he should have made.)

RESERVATIONS FOR the annual Lions Club golf and tennis outing must be in Jack Fields' hands by Sunday. Next Wednesday the Lions will be playing at Abbey Springs in Fontana, Wis.

The Abbey Springs golf course is only a few years old, so it still isn't in the best of condition. Yet it has spectacular holes and spectacular views, overlooking Lake Geneva.

The front nine is particularly tough, because the fairways are extremely narrow and the woods flanking the fairways are like jungles.

Jim Fields had fun kidding the friendly pro, Biff Pancratz, at the post-tournament dinner last year.

"I've got a dozen golf balls out in those woods," smiled Fields, "and at \$1.30 apiece it hasn't been a cheap day."

John Teresi gave Pancratz this zinger:

"I walked up to a green and it was dead. Then, I remembered, I hit that green last year, too. No wonder it was dead. I hit it twice."

OTHER HIGHLIGHTS of the day last year: Jack Jorgensen won two prizes: longest drive and closest-to-the-hole. That doesn't happen often in a golf tournament.

Dr. Ed Warner drove the green on a 333-yard hole ... downhill.

"Put that in the paper, smiled Warner. "No one will believe it, but I drove 333 yards."

His partner, Dr. Al Bucar, laughed and said:

"If you put it in the Antioch News, it's for sure that no one will believe it."

THE STATE Bank of Antioch Women's golf league is planning its annual "Fun Day" on

Thursday at Hunter Country Club.

Plans for the day are being made by chairman Lorraine Hitchon and co-chairmen Mary Hallett and Jean DeBoer.

Tee off time is 9 a.m. A luncheon and prizes follow the golf and the fun.

## 'Spa,' racquetball club to open

Those interested in improving their physical fitness and their health and well-being in general ... will find the new spa and racquetball facilities being constructed at Antioch Bowl a welcome addition to the community.

Under the direction of Joe Sterbenz and his son, Don, the health spa and racquetball club will be called DJ's Place for Fitness, Inc. and will be located in a new addition to Antioch Bowl on Route 173.

In addition to racquetball courts for both men and women, DJ's Place for Fitness will house exercise equipment, a sauna and whirlpool, a wet steam room, a sun room, separate locker and dressing rooms for men and women, showers, a pro shop, a health food bar, and a staffed nursery for mothers who wish to bring their children along.

THE MAJOR THRUST of the fitness program is the Nautilus Time Machinery, which operates on the principle of negative force and utilizes cams rather than pulley systems. There are 16 pieces of machinery, each used for different parts of the body.

The program requires a 30 to 40 minute workout, three days a week, with a 48 hour rest in-between.

Use of the machines will be monitored by a trained instructor who will provide specific exercise programs for each person individually.

Weight loss programs will be provided as well. Special

diets will be formulated for each person according to his or her own needs and the exercise program will be specifically designed for each individual.

DAN STERBENZ WILL BE the trained instructor at DJ's. He has attended a training session with the Nautilus staff in Florida and has extensively researched the machinery and its techniques.

Not only does the Nautilus system help to improve physical fitness, but it also aides people with arthritic and chronic heart conditions. It strengthens muscular endurance, betters cardiovascular abilities and increases muscle flexibility and joint stability.

The Nautilus physical conditioning system is currently used by 23 professional football teams, the Cleveland Clinic and other sports and medical centers. Also by the Cincinnati Reds and New York Yankees baseball teams and hundreds of other professional athletes.

THE SYSTEM IS GOOD for adults of any age, but is not applicable for children under 13, since their muscles are still developing.

And the ladies will be happy to know that the Nautilus system of exercise does not develop unsightly muscles.

The health spa and racquetball facilities are scheduled to open in early fall. Those interested in applying for membership can do so in an advertisement in this issue of the Antioch News.

## Collins pads point lead

Don Collins of Antioch padded his point lead at Waukegan Speedway by winning the 25-lap late model feature on Saturday night.

Alex Petropoulos won the 12-lap hobby stock feature and moved into the point lead by virtue of his victory.

Collins moved up slowly through the pack and was third at the final caution flag. The defending champion used the outside groove to overtake Bill Bain on lap 17.

DEFENDING CHAMPION and current point leader Bob Robel won the 25-lap feature on Sunday.

Petropoulos had his string of consecutive hobby stock features ended at four as he finished second to Larry Acuff in Acuff's first night out.

IT WAS A NIGHT for new point leaders at the Speedway last Friday as Robel overtook Gary Dye in the super-modifieds and John Sternberg went past Glen Rademaker.

Robel won the 25-lap feature by moving in front with three laps to go. Robel was followed by Rick Schmidt who led the first 22 go-arounds.

Duff Rossman led the first three laps of the "hobby main" with Petropoulos moving in front on lap four. Petropoulos went on to win but a second place finish by Sternberg put him in the point leadership. Bill Lanners and Rademaker rounded out the top four.

TENNIS LESSONS

## Tennis hopeful getting plenty of experience

Antioch High School's boys tennis team has been a surprise and success from the beginning of its three year existence. Each year the Antioch netters have had a winning season, the first year they compiled a 9-5 record, a year ago it was 15-1 and this year it was upped to 16-1.

And each year the Sequoias have been bringing up better and younger players. Next year Antioch may see its first four-year varsity letterman in Gordy Nasenbeny.

Nasenbeny, 14, in his first full year of tournament competition, has thus far posted a 14-8 record in Northern Illinois tennis tournaments.

HE HAS PARTICIPATED in 10 tournaments -- Boy's 14's and Men's -- in two states, logged over 800 miles in traveling and has spent countless hours practicing and playing since early June.

Nasenbeny's last summer tourney will be Aug. 21, the Boy's 14's Illinois State Open, a tournament similar to the high school state tournament.

Nasenbeny has competed in Antioch, Evanston, Woodfield, Aurora, Hinsdale, Palatine, Geneva, Joliet and Racine, Wis. He has captured both Antioch Junior titles this summer; advanced to the quarterfinals of the Racine Junior Open after being seeded 7th out of a field of 128; was seeded 2nd in a field of 32 in Aurora, and was defeated in the second round of the Geneva Men's Open by the No. 1 seed after he defeated his first opponent 6-1, 6-1, a man

twice his age.

NASENBENY HAS COMPETED in 22 matches this summer -- a substantial amount for a young man not yet enrolled in high school.

Nasenbeny has played up to four matches in a single day and it can become tiring.

"In the Racine Open I had to play three matches in a row. One at 10 in the morning, then one at noon, then again at 3 in the afternoon. Sure it gets tiring, but that's how tournaments are run, so I expect to play that much," Nasenbeny said.

Nasenbeny's 14-8 record may not sound that extraordinary but the level of play is.

HE HAS FACED players such as Tom Frei, ranked 10th in Illinois and 35th in the Midwest; and Micheal Meyer, ranked 5th in Illinois and 10th in the Midwest.

"My record of 14-8 isn't bad but it can be improved upon. But I'll take it considering the competition," Nasenbeny said.

He said his high school goal is to play four years of varsity tennis and win a couple of conference titles.

"I know a freshman just can't walk in and play varsity, he has to earn it. I'll play as much winter tennis as I can and give it my best shot in the spring," Nasenbeny said.

## Names in the News

NAVY Hospital Corpsman Third Class Michael J. McAvoy, son of John and Dorothy McAvoy of 579 Garys Drive, Antioch, participated in the U.S. Sixth Fleet operation "National Week XXV."

He is assigned to the amphibious transport dock USS Coronado, homeported in Norfolk, Va.

"National Week XXV" was a week-long exercise

in the Mediterranean Sea involving Sixth Fleet ships and aircraft squadrons. It was the 25th in a series of exercises designed to test naval warfare techniques and proficiency. "National Week XXV" consisted of combat operations, emphasizing antisubmarine and air defense and amphibious warfare.

McAvoy joined the Navy in May of 1976.

# Youth bowling season planned

By LOIS HARTMAN

The 1978-79 youth bowling program at Antioch Lanes will start on Saturday, Sept. 9.

Pre-registration forms are now available at the lanes and it is suggested they be filled out before the first day of bowling.

You can sign up starting the week of Aug. 21, Monday through Friday, from 12 noon to 4 p.m. also, Saturday, Aug. 26, 9-12 noon, and Sunday, Aug. 27, from 1 p.m. until 3 p.m.

Bowlers wanting to be on a certain team or with friends can indicate this at the time they sign up.

THE TEAMS ARE made up before the first day of bowling. There are three age groups: Majors, ages 16-18,

and Juniors, ages 13-15, bowl at 9 a.m. and Preps, ages 8-12, bowl at 12 noon.

It is not necessary to have bowled previously to enter a league. Coaches are available for the beginner as well as the more experienced bowler. Last year, 280 bowlers participated.

TROPHIES ARE AWARDED in many categories at a banquet at the end of the season. During the season a bowler has a chance to earn patch awards and trophies

from the Illinois State Bowling Association.

Also, there are a number of tournaments to enter, the favorite being the annual Family Twosome.

Bowling shirts are provided for the bowlers by local businesses and banks.

THERE IS A NEED for coaches and scorekeepers each week. If you can help, contact Lois Hartman, youth bowling coordinator, at Antioch Bowling Lanes, 395-1155, or (414)889-4165.

## Antioch Moose display their softball skills

The softball team of the Antioch Moose Lodge walked away with it all while hosting the members of the Moose District No. 3 league at their annual round-robin tournament.

Neither Highland Park nor Waukegan, McHenry or Wauconda could stop the fielding, hitting and pitching of the Antioch team.

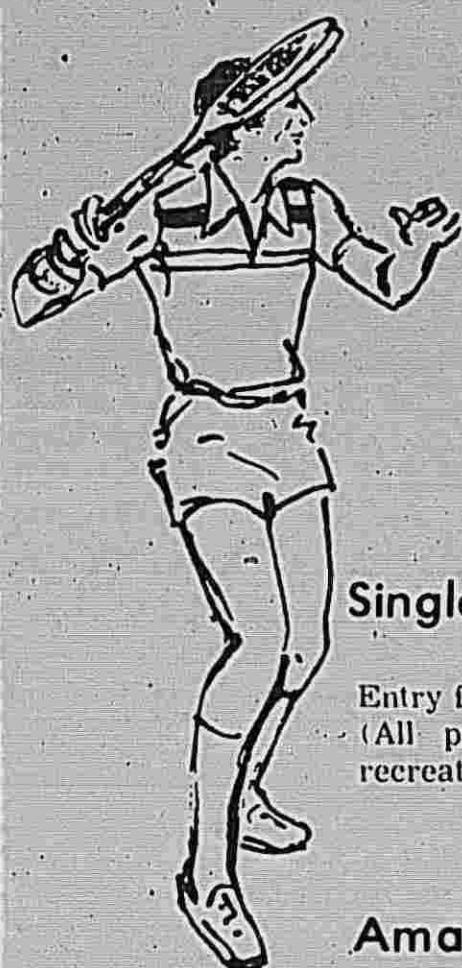

"Had an outstanding player been named for the day, Antioch's left-fielder, Keith Church, would have been awarded the trophy," said a spokesman for the team. "His outstanding defensive plays in the field, reflected the type of plays that spurred this team to victory all season."

About 50 loyal fans came to cheer the team to victory. Team manager Scott Lowe thanked the fans who supported the team all year, and the many members who were willing to play when called upon.

"Also, the wives, girlfriends and families who cooked and served after each of the games," he added.

The team ended the season with an 8-0 record. The district trophy is displayed in the Lodge.

"Is this the reason the Jaycees chose not to show one Wednesday night last month?" Lowe asked.

Glassmaking was the first industry in America when a settlement was established at Jamestown in 1608. All glass bottles were hand made until 1903 when Michael J. Owens invented the world's first automatic glass bottle-making machine, which made possible the mass production of glass containers of uniform height, weight, and capacity.

Today, every American uses an average of about 400 glass bottles and jars a year. Owens-Illinois, Inc., the world's largest producer of glass containers, says glass meets the demands of consumers for product protection, visibility, and convenience. And, glass containers can be refilled and used again or recycled into new containers.

# Along the way with ANNIE MAE

A Richmond lady, Wendy Corso, is very upset because her dog -- a tan and black Yorkshire terrier -- is lost. She thinks an Antioch woman has found the dog.

If you know anything about it, please call Wendy at 678-7081 or 678-3071. The terrier is male and was wearing a black collar and a rabies tag when it was lost on Thursday, Aug. 3. There's a reward!

Wendy said, as far as she can learn, an Antioch woman found the dog and left her name and phone number with the Richmond police department before going on a vacation.

However, Wendy says, the Richmond police apparently have lost the lady's name and phone number.

I hope we can help her recover her beloved pet.

WELL, WALT SHEPARD got away on his Canada vacation but for a while it looked as if someone didn't want them to go.

for a while it looked as if someone didn't want them to go. The night before they left, daughter Karla fell through the front door of the house and cut her arm, requiring 24 stitches.

The next day, daughter Karen was crossing Lake St., near the Jewel store, when she was struck by a car. A member of the rescue squad said she suffered a hairline fracture of her arm, but otherwise was just shaken up.

I tell you, Walt, it's less "hairy" to meet sawmill deadlines than to try and get away on a vacation.

WE MUST APOLOGIZE to Jim Fields for that unfortunate caption two weeks, under a picture of Jim and his brother Jack, posing with some of the items that were sold at the Lions Club auction.

We wrote: "The Fields brothers are pictured with, among other antiques, a roll-top desk, milk cans, lanterns

Jack quoted Jim as commenting:

"I can see why they would call you an antique, but certainly not me."

IMAGINE, GETTING SOME good news from the Internal Revenue Service?

They wrote to tell us that Rebecca E. Brown of Antioch has an undelivered refund check waiting for her in Chicago. She should call IRS right away at (800) 972-5400.

Happy birthday today (Wednesday) to Allen Pfoten-hauer, who not only is a talented photographer but pretty good at shade-tree testing, too. If you have a nice shade tree, Allen will be happy to relax under it and give you a full report on its merit as a spot in which to escape from work.

GUY SCHLETTY HAS LEFT Antioch for the adventure and travel of Navy life. He is doing his basic training in San Diego, Calif.

It took the Colorado River two million years to carve the Grand Canyon.

Guy is the son of Mr. and Mrs. Dick Ford of Antioch and Mr. & Mrs. Larry Schletty of Kenosha. We all wish him success and good fortune.

TED AND BERNICE SYMBOL and family did not neglect to take advantage of the numerous bargains at Antioch's Maxwell Street sales. From Stanley, Wis., the Symbol family came to Antioch to attend the 50th anniversary celebration of Ted's sister and brother-in-law, Mr. & Mrs. Ben Gutowski.

ANITA GEDVILLE, of the State Line Motel, who won four ribbons (three blue and a red), at the Lake County Fair two weeks ago has added to her collection by winning a blue, a red and a fourth-place pink ribbon at the Kenosha County Fair.

The first place ribbon was for a purse which Anita made out of ribbons. The second place award was for her Irish

Fishermen's knit sweater and the "pink" was for a decoupage purse.

Wish I had that kind of talent.

SMALL WORLD DEPARTMENT: Bill Seeman was up in Door County, Wisconsin, relaxing on a beach, reading a book. There was a chair next to him.

Up walks a fellow who says:

"Sir, mind if we use that chair?"

It was Tom Haley.
